No problem - glad to be of service. You should know that some of those slides are getting to be outdated, so if you need updates in the future for other talks, feel free to let me know.

Subject: question about use of slides from your presentation

Hi Alice,

Last Tuesday, I gave a presentation about environmental issues in the Passaic Basin to a meeting sponsored by the Great Swamp Watershed Association. In the presentation, I used numerous slides of yours from the presentation you gave at the Passaic River Symposium. I figured this was ok since the slides are publically available on the Symposium web site. Hope that was ok. Sorry for not asking you beforehand! I credited you for the slides, of course. Now, the GWSA wants to post that presentation on their web site. Since it contains your slides, I thought I would make sure that was ok with you. The presentation is attached in PDF format if you want to look at it.

Regards,

Kirk R. Barrett, PhD, PE, PWS, Director, Passaic River Institute
